

## Invitation

Dear colleagues,

We would like to invite you to the 10<sup>th</sup> Workshop of the Slovak Clay Group "Clay minerals and selected industrial minerals in materials science, applications and environmental technology", which will take place from June 24 to 26, 2024 in the beautiful High Tatras, at the Hotel Kukučka, Tatranská Lomnica. Accommodation and meals during the workshop will be provided at the hotel. The aim of the seminar is to present the results of PhD students and young scientists, present the results of current projects at your institutions, and have an informal discussion of the results mainly focused on clay minerals and materials science.

We are looking forward to your participation.

SCG Council
